INDEPENDENT AUDITORS' REPORT

Board of Directors
Umatilla Morrow Radio and Data District
Pendleton, Oregon

We have audited the accompanying modified cash basis financial statements of the governmental activities and the general fund of Umatilla Morrow Radio and Data District, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position—modified cash basis of the governmental activities, and the general fund of Umatilla Morrow Radio and Data District, as of June 30, 2015, and the respective changes in financial position—modified cash basis, and the respective budgetary comparison for the General Fund thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Umatilla Morrow Radio and Data District's financial statements. The Supplementary Information is presented for purposes of additional analysis and is not a required part of the financial statements.

The Schedule of Property Tax Transactions and Outstanding Balances is the responsibility of management and was derived from and relate directly to the underlying accounting records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Oregon Minimum Standards

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 29, 2015, on our consideration of Umatilla Morrow Radio & Data District's compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

Barnett & Moro, P.C.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Reporting entity:

The District incorporated in 2010 for the purpose of operating and maintaining a common communication system available to emergency services agencies in Umatilla and Morrow Counties. The District is governed by five board members elected to four year terms.

The District has determined that no outside agency meets the criteria to be included as a component unit in the District's financial statements.

Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements (the statement of net position and the statement of activities) are reported using the economic resources measurement focus. The governmental fund financial statements (the fund balance sheets and the statement of revenues, expenditures, and changes in fund balances) are reported on the current financial resources measurement focus. The statement of activities separates program revenues from general revenues. Program revenues include: 1) charges for goods, services, and privileges, 2) operating grants and contributions, 3) capital grants and contributions.

The District uses the modified cash basis of accounting for preparation of financial statements and budgeting. The City only recognizes items that involve receipts or disbursements of cash, except for the following modifications which have substantial support in generally accepted accounting principles:

The District deems a disbursement to have been made and an expenditure is recorded when a credit card is tendered to pay for a transaction.

The District capitalizes assets with an original cost over \$6,000 and an estimated useful life longer than one year. Capital assets are depreciated using the straight-line method over estimated useful lives. The District reports long-term debt that relates to the acquisition of capital assets.

Except for the modifications listed above, the District does not record transactions relating to revenues earned or expenses incurred until the period in which the cash is received or disbursed. Accordingly, receivables, payables (other than credit card payables), and accrued expenses are not reported.

Governmental funds are those through which most governmental functions typically are financed. Governmental funds reporting focuses on the sources, uses, and balances of current financial resources. The difference between governmental fund assets and liabilities is reported as fund balance.

The District uses only one governmental fund, the General Fund, to account for all operations of the District.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Budget procedures:

A budget is prepared in accordance with the cash basis of accounting and legal requirements set forth in the Oregon Local Budget Law. Budget amounts shown in the financial statements include the original and supplemental budget amounts and all appropriation transfers approved by the Board of Directors.

The District employs the following procedures in establishing the budgetary data reflected in the financial statements.

The appointed budget officer develops a proposed budget for submission to the budget committee appointed by the Board of Directors. The operating budget includes proposed expenditures and the means for financing them for the upcoming year, along with estimates for the current year and actual data for the two preceding years.

After the proposed budget is prepared, the budget officer publishes a "Notice of Budget Committee Meeting" in at least one newspaper of general circulation. At the budget committee meeting, the budget message is delivered explaining the proposed budget and any significant changes in the District's financial position. The budget committee meets thereafter as many times as necessary until the budget document is completed.

After approval by the budget committee and the required public hearing, and prior to July 1, the budget is adopted by the Board of Directors, and appropriations are enacted by resolution. Appropriations control expenditures in broad categories as required by Oregon Local Budget Law. Detailed classifications of budgeted expenditures are used for administrative control purposes. Budget appropriations lapse at year end.

The District is not allowed to modify the budget without action by the governing body. The governing body is authorized to modify the original budget appropriation ordinance in the following ways:

- a. Transfer of budget appropriations within a fund are authorized by resolution of the governing body.
- b. Budget revisions that increase total expenditures in any fund require a supplemental budget to be adopted. If a supplemental budget increases a fund's expenditures by less than 10%, the District can adopt it by publishing a notice seven days before a meeting is held to pass the adoption resolution. If a supplemental budget increases a fund's expenditures by more than 10%, the District must follow the same procedures in adopting a supplemental budget as those to adopt an original budget.

During the year the District did not adopt any supplemental budgets.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment policy:

District monies are invested as allowed by Oregon Statute. A portion of the District's investments are invested in an external investment pool, The Oregon Short-Term Fund. The fair value of the District's position in the pool is the same as the value of the pool shares. The Fund is not registered with the U.S. Securities and Exchange Commission. The Fund's investment policies are governed by Oregon Revised Statutes and the Oregon Investment Council.

Capital assets:

The District capitalizes individual assets that cost more than \$6,000 and have an estimated useful life in excess of one year.

Donated fixed assets are not recorded on the statement of net position under the modified cash basis of accounting. The District received donated radio equipment in 2010 valued at \$8.9 million.

Capital assets are comprehensively reported in the government-wide financial statements. Maintenance and repairs are charged to expenditures in the fund incurred and are not capitalized. Upon disposal, the cost and applicable accumulated depreciation are removed from the respective account, and the resulting gain or loss is recorded in operations. Depreciation of fixed assets is computed on the straight-line method, over the estimated useful life of the asset.

Property taxes:

Umatilla County and Morrow County assess and collect taxes for the District. Property taxes are billed in October of each year. Unpaid personal and real property taxes become liens against the property on January 1 and July 1, respectively. Property taxes are payable in three installments due November 15, February 15, and May 15. A 3% discount is allowed for full payment by November 15. Interest at 16% annually is charged for late payments.

The 2014-2015 tax levies were adopted June 3, 2014. The levies are within the available tax base.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Income taxes:

The District is a municipal corporation exempt from federal and state income tax.

Net position:

Net position is the difference between assets and liabilities. Net investment in capital assets represents the cost of capital assets reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use by laws or regulations.

Fund Balance:

In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Fund balance is reported as nonspendable when the resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories, prepaid items and deposits, and assets held for resale.

Fund balance is reported as restricted when the constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when the Board passes an ordinance that places specific constraints on how the resources may be used. The Board can modify or rescind the ordinance at any time through passage of an additional ordinance.

Resources that are constrained by the government's intent to use them for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. Intent is expressed when the Board approves which resources should be "reserved" during the adoption of the annual budget.

Unassigned fund balance is the residual classification for the General Fund. This classification represents fund balance that has not been restricted, committed, or assigned within the General Fund.

When the option is available to use restricted or unrestricted resources for any purpose, the District expends restricted resources first. When the option is available to use committed, assigned, or unassigned resources for any purpose, the District expends committed resources before assigned resources, and assigned resources before unassigned resources.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 2 -- CASH AND INVESTMENTS:

Cash and investments consisted of:

Checking account, Banner Bank	\$ 736,461
Savings accounts, Banner Bank	31,600
Total cash	<u>768,061</u>
Oregon Short-Term Fund (Local Government Investment Pool)	<u>177,726</u>
Total cash and investments	<u><u>\$ 945,787</u></u>

Custodial Credit Risk - Cash:

In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned. ORS Chapter 295 governs the collateralization of Oregon public funds and provides the statutory requirements for the Public Funds Collateralization Program. The Public Funds Collateralization Program was created by the Office of the State Treasurer to facilitate bank depository, custodian and public official compliance with ORS 295. Public officials verify that deposit amounts in excess of deposit insurance limits are only maintained at qualified depositories. ORS 295 requires the qualified depository to pledge collateral against any public funds deposits in excess of deposit insurance amounts.

As of June 30, 2015, the total bank balance was \$804,280. Of these deposits, \$250,000 was covered by federal depository insurance. The District maintains its funds at a financial institution deemed to be a qualified depository by the Office of the State Treasurer. As a result, the District's remaining deposits in excess of federal deposit insurance are considered by management to be fully collateralized.

Credit Risk - Investments

The Local Government Investment Pool's credit risk is not rated.

Custodial Credit Risk - Investments

The Local Government Investment Pool is not subject to custodial credit risk because it is not evidenced by securities that exist in physical or book entry form.

NOTE 3 -- RISK MANAGEMENT:

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage from coverage in the prior year.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 4 -- RELATED PARTY TRANSACTIONS:

The District provides access to voice and data communications systems to law enforcement and other emergency service agencies throughout Umatilla and Morrow Counties of Oregon. Members of the Board of Directors are employees of agencies served by the District.

NOTE 5 -- CAPITAL ASSETS:

A summary of changes in capital assets during the year follows:

	Beginning Balance	Additions	Reductions	Ending Balance
Equipment and vehicles	\$ 2,316,346	\$ 24,895	\$ -	\$ 2,341,241
Less accumulated depreciation	(401,062)	(463,882)	-	(864,944)
Total capital assets, net	<u>\$ 1,915,284</u>	<u>\$ (438,987)</u>	<u>\$ -</u>	<u>\$ 1,476,297</u>

NOTE 6 -- CHANGES IN DEBT:

Long-term debt:

	Beginning Balance	Additions	Payments	Ending Balance	Due Within One Year
Motorola Credit Corp. - Capital Lease	<u>\$ 1,223,027</u>	<u>\$ -</u>	<u>\$ (622,882)</u>	<u>\$ 600,145</u>	<u>\$ 309,425</u>

Long-term debt consisted of the following:

Lease Purchase Agreements

During August 2013, the District entered into a four-year capital lease agreement for the purpose of financing a radio equipment for District use. The contract is payable in \$327,220 yearly installments beginning September 2014 and ending September 2017. Stated interest rate of 2.77% as provided by the lease agreement. Two payments were made in August 2014.

Following is a schedule of future minimum lease payments under these agreements, together with the net present value of the minimum lease payments as of June 30, 2015:

Year Ending June 30,	Principal	Interest	Total
<u>2015</u>	<u>\$ 309,425</u>	<u>\$ 17,795</u>	<u>\$ 327,220</u>
2016	290,720	8,053	298,773
	<u>\$ 600,145</u>	<u>\$ 25,848</u>	<u>\$ 625,993</u>

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes to Basic Financial Statements

June 30, 2015

NOTE 7 – DEFINED BENEFIT PENSION PLAN:

Because the financial statements have been prepared on a modified cash basis of accounting, pension liabilities and the related deferred inflows and outflows of resources have not been recorded in the financial statements. Pension expenditures are recorded when the disbursements are made. If the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, the following information would have been included:

The Oregon Public Employees Retirement System consists of a single cost-sharing multiple employer defined benefit pension plan, which provides pension, death and disability benefits.

Contributions:

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. Employer contribution rates during the period were based on the December 31, 2012 actuarial valuation as subsequently modified by 2013 legislated changes in benefit provisions. Covered employees are required to contribute 6.00% of wages and the employer is required to contribute 5.23% of wages.

Pension Liabilities, Pension Expense, and Deferred Inflows and Outflows of Resources:

At June 30, 2015, the District reported an asset of \$14,316 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2012, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. At June 30, 2014, the District's proportion was 0.00063157%, the same as its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the District recognized a pension credit of \$12,777, and reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net differences between projected and actual earnings on investments	\$ -	\$ 27,624
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,679	
Contributions subsequent to the measurement date	10,708	-
	<u>\$ 12,387</u>	<u>\$ 27,624</u>

Oregon PERS produces an independently audited CAFR which can be found at: http://www.oregon.gov/pers/Pages/section/financial_reports/financials.aspx.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes to Basic Financial Statements

June 30, 2015

NOTE 7 – DEFINED BENEFIT PENSION PLAN (continued):

Changes in Plan Provisions:

Senate Bill 822, signed into law in May 2013, eliminated the SB 656/HB 3349 tax remedy payments for benefit recipients who are not subject to Oregon income tax, because they do not reside in Oregon, and limited the 2013 post-retirement COLA to 1.5% of annual benefit.

Senate Bill 861, signed into law in October 2013, limited the post-retirement COLA for years beyond 2013 to 1.25% on the first \$60,000 of annual benefit and 0.15% on annual benefits above \$60,000.

Senate Bill 862, signed into law in October 2013, makes targeted changes such as allowing garnishment of PERS benefits for convicted felons. These changes do not significantly affect System liabilities and were not reflected in the valuation.

For GASB 67 and 68, the Total Pension Liability must be calculated based on the benefit terms legally in effect as of the relevant fiscal year-end for the plan. Due to the timing of the benefit changes, this means only Senate Bill 822 is reflected in the June 30, 2013 Total Pension Liability, but that the combined effects of Senate Bills 822 and 861 are reflected in the June 30, 2014 Total Pension Liability. The decrease in the Total Pension Liability resulting from Senate Bill 861, measured as of June 30, 2014, created a (\$2,423.6) million reduction in Plan pension liabilities. The Oregon Supreme Court on April 30, 2015, ruled that the provisions of Senate Bill 861, signed into law in October 2013, that limited the post-retirement COLA on benefits accrued prior to the signing of the law was unconstitutional.

NOTE 8 -- POSTEMPLOYMENT HEALTH INSURANCE PLAN:

Retirement Health Insurance Account (RHIA)

As a member of Oregon Public Employees Retirement System (OPERS) the District contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other postemployment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, P.O. Box 23700, Tigard, OR 97281-3700.

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

NOTE 8 -- POSTEMPLOYMENT HEALTH INSURANCE PLAN (continued):

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating governments are contractually required to contribute to RHIA at a rate assessed each year by OPERS, currently 0.48% of annual covered payroll. The OPERS Board of Trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The District's contribution to RHIA for the year ended June 30, 2015, 2014 and 2013 were \$400, \$836, and \$711 respectively, which equaled the required contribution for the year.

NOTE 9 -- TERMINATION BENEFITS:

The District provides compensation to the District Administrator in the event of termination other than for cause. The District has agreed to pay one month's salary for each year the District Administrator has been employed with the District at the time of termination. Additionally, the District pays accrued and unused vacation benefits to all employees upon separation from service. Under the modified cash basis of accounting, expenditures are not recorded until the disbursement has been made. Accordingly, no liability or expenditure will be recorded until a disbursement is made upon termination.

NOTE 10 -- RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO STATEMENT OF NET POSITION:

Total governmental fund balances	\$ 943,831
Capital assets used in the governmental activities are not financial resources, and therefore are not reported in the governmental funds balance sheet.	1,476,297
Long-term liabilities are not due and payable in the current period, and therefore are not reported in the fund financial statements.	<u>(600,145)</u>
Total governmental net position	<u>\$ 1,819,983</u>

UMATILLA MORROW RADIO AND DATA DISTRICT

Notes To Basic Financial Statements

June 30, 2015

**NOTE 11-- RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES:**

Net change in governmental fund balances	\$	(113,903)
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Expenditures for capital assets	24,895
---------------------------------	--------

Less current year depreciation	(463,882)
--------------------------------	-----------

Governmental funds report the disbursements of capital debt as debt service expenditures. However, in the statement of activities these proceeds are reported as decreases in long-term debt.

622,882

Change in net position of governmental activities	\$	<u>69,992</u>
---	----	---------------

NOTE 12 -- SUBSEQUENT EVENTS:

The District paid in full its capital lease obligation with Motorola Credit Corporation in November 2015.

The District has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued and concluded that no other subsequent events have occurred that would require recognition in the Financial Statements or disclosure in the Notes to the Financial Statements.

INDEPENDENT AUDITORS' REPORT
REQUIRED BY OREGON STATE REGULATIONS

Board of Directors
Umatilla Morrow Radio and Data District
Pendleton, Oregon

We have audited the basic financial statements of the Umatilla Morrow Radio and Data District as of and for the year ended June 30, 2015, and have issued our report thereon dated December 29, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether Umatilla Morrow Radio and Data District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- Deposit of public funds with financial institutions (ORS Chapter 295).
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required (ORS Chapter 294).
- Insurance and fidelity bonds in force or required by law.
- Programs funded from outside sources.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).

In connection with our testing nothing came to our attention that caused us to believe the Umatilla Morrow Radio and Data District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered Umatilla Morrow Radio and Data District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Umatilla Morrow Radio and Data District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Umatilla Morrow Radio and Data District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Directors, and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these specified parties.

Barnett & Moro, P.C.
